Customer Number 23859

Dear Sir:

Eastman Chemical Company, the "owner" of a 100 percent interest in the above-identified application, hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified application which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§ 154 to 156 or 173 of prior United States Patent No. 6,752,983. The owner hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the legal title to any patent granted on Application Serial No. 10/686,012 shall be the same as the legal title to United States Patent No. 6,752,983, this agreement to run with any patent granted on the above-identified application and to be binding upon the grantees, their successors or assigns.

In making the above disclaimer, the "owner" does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§ 154 to 156 or 173 of a prior patent, as presently shortened by any terminal disclaimer, in the event that the prior patent (1) later expires for failure to pay a maintenance fee; (2) is held unenforceable; (3) is found invalid by a court of competent jurisdiction; (4) is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321; (5) has all claims canceled by a reexamination certificate; (6) is reissued; or (7) is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

The undersigned is an attorney of record.

The statutory fee as prescribed under 37 C.F.R. § 1.20(d) of \$130.00 is enclosed. This amount is believed to be correct. However, the Commissioner is hereby authorized to charge any additional fees which may be required, or credit any overpayment to Deposit Account No. 14-0629.

Respectfully submitted,

NEEDLE & ROSENBERG, P.C.
